Complete solutions for complex transport projects

Too big, too heavy, too wide, too complex? With many years of experience and a strong international logistics network, we can get even the most unusual cargo to its destination.

From the detailed planning to the management of your transports – in the Project Cargo division we offer you customized solutions which are perfectly tailored to your needs. Our mission is it to provide you with professional advice on all aspects of transport. Benefit from a quality experienced logistics partner at your side.

We look forward to our joint projects – feel free to contact us!
